WORK EXPERIENCE

Front-end developer with **2 years 6 months** of experience in building responsive, user-friendly web applications.

AGILLOS E-COMMERCE PVT LTD | Software Development Engineer- 1   Bangalore | July 2022 – Present

- **Promoted better component lifecycle practices**, which increased turnaround speed by **18%** an improvement from previous years.
- Designed and implemented web applications along with 3rd-party software integration (**Chatbot, Open AI API's, Language Localization, and Internationalization**) using **JavaScript, React JS, Redux, HTML, CSS**.
- Handled **conversion of class components to functional components** throughout the system and built **100% reusable components**.
- Led the development of a **language localization feature**, resulting in an around **10% increase in user engagement**.
- Orchestrated the successful **management** of a team of 4 interns, driving their onboarding, training, and professional development initiatives resulting in a **15%** increase in team efficiency and **100% intern retention** rate.
- Collaborated with the design team and a cross-functional team of 6 developers in executing a complete **UI/UX and System Design revamp** for the software resulting in a **20%** increase in user experience and a **40% decrease in customer support tickets**.
- Conducted thorough **code reviews** and offered **constructive feedback** to improve code quality, resulting in a **20% reduction in post-release bugs**.

AGILLOS E-COMMERCE PVT LTD | SDE Intern   Bangalore | August 2021 – June 2022

- Developed stunning user interfaces and scalable, **responsive web applications** using **JavaScript, React JS, Redux, HTML, CSS**, and libraries to build excellent UI like **MaterialUI, Ant Design, Tanstack, and AgGrid**, resulting in a **40% increase in user engagement and a 25% decrease in page load time**.
- Implemented **20+ UI components** and functionalities according to design specifications.
- Collaborated with the back-end team to seamlessly integrate API endpoints, optimizing data retrieval and **reducing load by 30%**.
- Engineered a **bulk Excel sheet upload feature** that extracts and presents data in a tabular structure, enhancing user data management speed and efficiency. This innovation led to a notable **30% increase in user efficiency**.

PROJECTS

MY PORTFOLIO ⬈   JavaScript, TypeScript HTML, CSS, React.JS, Tailwind CSS
Developed a **responsive** portfolio showcasing strong **UI/UX design skills, employing animations, Tailwind CSS**, and reusable components.

E-COMMERCE CLONE ⬈   JavaScript, HTML, CSS, React, Tailwind CSS, Web API's
Designed a comprehensive e-commerce clone using **best front-end development practices**, containing 5 pages: product listings with search, cart management, shipping details, order summaries, a Login page, and functionalities for creating products, categories, and brands.

SKILLS

Languages: JavaScript, TypeScript
Web Development: JavaScript, TypeScript, ReactJS, NextJS, Redux, Redux-toolkit, HTML, CSS, RegEx, SQL, ES6, RESTful API
Libraries: Ant Design, Material UI, AgGrid, Tanstack, Immer, Bootstrap, LaTeX
Technology/Tools: Version Control, PostgreSQL, PG Admin, Agile Methodology, Bit Bucket, Postman

EDUCATION

M.Sc. Biological Sciences and B.E. Civil Engineering   Hyderabad, India | August 2017 – June 2022
Birla Institute Of Technology And Science (BITS -Pilani)
